Claude Bernard Lady Chronograph

Lady Chronograph

Elegant, beautifully engineered watches and the perfect functional fashion accessory - welcome to the world of Swiss watchmaker Claude Bernard.

The new Lady Chronograph ushers in an original line of modern women's watches, introducing a fresh young style to the Claude Bernard collection.

Hand-assembled by a team of expert watchmakers in the company's Jura-based manufacturing facilities, Claude Bernard timepieces are the contemporary expression of centuries of finely honed watchmaking skills.

True to the company's dedication to providing luxury timepieces at affordable prices, this 35mm diameter watch is small on the wrist but big on elegance and functions.

Traditional watchmaking and fashion convene on this piece featuring a Chronograph stopwatch function and date window at the 4 o'clock position. The brilliant ring of Swarovski crystals surrounding the chronograph's hour counter, repeated on the hour indices, enhance the fresh design of the sleek pink PVD coated case, while the white dial accentuated by a bold roman numeral adds to the pure and clean look. The pink PVD coated bracelet is an expression of elegance and design in its own right.

The Lady Chronograph goes beyond fashion; a Sapphire crystal and stainless steel casing provide strength and dependability. The Swiss-made Chronograph movement at the heart of this watch ensures precision, reliability and high quality.

Whatever the occasion, formal or sporty, the Claude Bernard Lady Chronograph is in its element – further proof that elegance and ruggedness are not mutually exclusive.

The headquarters in Les Genevez continue to surprise and innovate with the new collection; the Claude Bernard legacy of providing fantastic yet affordable Swiss-made timepieces endures.
